Hits, Hints, Helps

We are all thankful for a little sunshine and hope to see more of it. And, say, if you need that **Hoosier or Kentucky Drill** we have them and we can get more of them, but lest you don't get just the kind, style and size you want when you want it, leave your order now and we will have it ready and take care of you. It means time, work and expense to us to give you the help we do in case of troubles, but we are always at your service.

Does a Six excel a Four? Does 2100 pounds instead of 3000 mean anything? Do small tires cost as much as large? Does a light car have to be small? The answer is a look at an **Oakland Six**.

"We want you with us."
